

**MT-142**

# GLASS CLEANER

## ■ DESCRIPTION

Glass cleaner is a highly concentrated, specially formulated solution designed for cleaning various glass surfaces, such as windshields, side windows, mirrors, and rear windows. Its primary function is to remove dirt, grime, fingerprints, smudges, and other contaminants, leaving the glass surfaces spotless and transparent. The cleaner works by breaking down and lifting off oils, dust, and residues, while its formulation ensures that no streaks or film are left behind, providing a crystal-clear finish.

Its commonly used in automotive care to maintain visibility and improve safety, especially by ensuring that mirrors and windows are free of obstructive buildup. Its ammonia-free formulas, which are safer for tinted windows and reduce environmental impact.

---
