

MT-204

ALL PURPOSE CLEANER

■ DESCRIPTION

All Purpose Cleaner is a specialized product designed to effectively clean and maintain the various surfaces inside a vehicle. This cleaner is formulated to tackle common automotive contaminants like dirt, dust, stains, and grime that accumulate over time. They work safely on a wide range of materials as Upholstery, Dashboards, Doors panels, Carpets & Floor Mats and others

The key benefit of an interior cleaner is its versatility in safely treating various materials, ensuring that they remain in good condition without causing fading, cracking, or other damage. It's important for the cleaner to be gentle yet effective in removing contaminants, providing a refreshed look and feel to the interior.

■ KEY FEATURES

- **Concentrated.**
 - **Biodegradable.**
-

■ APPLICATION INSTRUCTIONS

- Make sure to follow the dilution rate.
 - Spray the diluted cleaner directly onto the surface.
 - Allow the cleaner to activate for **30 seconds**.
 - Use a scrub brush for stubborn stains and soft brush for normal stains.
-

■ PRECAUTIONS

Hazard Warnings:

1. Harmful if swallowed
2. Causes skin irritation
3. Causes serious eye irritation

Prevention Measures:

- Wash hands thoroughly after handling.
- Wear gloves and eye protection while using the product.

First Aid Instructions:

- **If Swallowed:** Call a poison centre or a doctor if you feel unwell. Rinse mouth.
 - **If on Skin:** Wash with plenty of soap and water. If irritation persists, seek medical attention. Remove contaminated clothing and wash before reuse.
 - **If in Eyes:** Rinse cautiously with water for several minutes. If wearing contact lenses, remove them (if possible) and continue rinsing. If irritation persists, seek medical attention.
-

■ STORAGE

Keep container closed and store away from children.

WARNING

Although the technical details and recommendations contained in this product data sheet are based on the best of our knowledge and experience, all the above information must be considered as indicative only.

Users must ensure, through prior testing, the product is suitable for the intended application and site conditions.

In every case, the user alone is fully responsible for any consequences deriving from the use of the product.
