LAST TOUCH

LIQUID WAX
EXTERIOR
CAR BODY

■ DESCRIPTION

Last Touch is a convenient detailing product used after washing a vehicle to enhance its appearance and protect the surface. By removing light dust or smudges, it not only restores the vehicle's shine but also leaves behind a glossy, smooth finish. The protective layer it provides may also help guard against dirt buildup and minor contaminants, keeping the vehicle looking clean for longer. Typically, it's easy to apply, requiring just a spray and wipe down with a microfiber towel. It's commonly used by car enthusiasts, detailing professionals, and everyday drivers to maintain a vehicle's exterior appearance between more thorough cleanings or waxing.

■ KEY FEATURES

- **Glossy Finish:** It enhances the car's shine and depth of colour, leaving a smooth, glossy surface.
- **Dust & Smudge Removal:** It helps remove light dust, fingerprints, or normal water spots, giving the car a shiny look
- **Protection Layer:** Contains a light layer of protection, such as a wax or polymer, which can add some durability and hydrophobic properties to the paint.

■ TECHNICAL SPECIFICATIONS

- Appearance: Pink liquid
- PH: 7
- VOC (Volatile Organic Compound): 3%

■ PHYSICAL PROPERTIES

- Flash point: None
-

■ APPLICATION INSTRUCTIONS

- Spray onto surface and wait for 30 seconds.
 - Use a towel to wipe and buff until the desired shine is achieved.
-

WARNING

Although the technical details and recommendations contained in this product data sheet are based on the best of our knowledge and experience, all the above information must be considered as indicative only.

Users must ensure, through prior testing, the product is suitable for the intended application and site conditions.

In every case, the user alone is fully responsible for any consequences deriving from the use of the product.
