

**MT-22**

# INTERIOR COATING

## ■ DESCRIPTION

Interior coating is an easy-to-use heavy duty textile protection coating. It's unique water-based, environmentally friendly formula is super-hydrophobic rejects all forms of liquid to block their penetration and prevent staining of the materials.

---

## ■ KEY FEATURES

This breathable coating will not change the look or feel of the textiles it is applied to and will protect them from oil, water, wine, coffee, tea, juice, sauce, mud and other stains. Unlike other fabric protection coatings which use Teflon, silicone or a variety of solvents which dissolve or disappear as a result of heat or the damaging effects of ultra-violet rays and air pollution, textile has been formulated to withstand a constant assault from the sun, rain and extreme temperatures.

---

## ■ TECHNICAL SPECIFICATIONS

- **Stains and UV Protection**
  - **Versatile Usage:** Suitable for both indoor and outdoor applications, making it ideal for a wide range of environments.
  - **Environmentally Friendly:** The water-based formula is safe for the environment and free from harmful chemicals like silicone, Teflon, or solvents, which can break down in heat or sunlight.
  - **Odorless & Safe:** The formula is odorless and non-toxic, making it safe for both humans and pets.
-

## ■ APPLICATION INSTRUCTIONS

- **Clean the Surface:** Remove any grease, grime, or dirt from the surface. This ensures proper adhesion of the coating.
  - **Spray the Surface:** Hold the spray nozzle 5 to 7 inches away from the surface.
  - **Apply Two Coats:** Spray two coats. Wait for 5 minutes after the first coat to allow the first layer to set then spray the second coat
  - **Drying:** After applying the second coat, wait for one hour to make sure that reaction is done
- 

## ■ PRECAUTIONS

- **Avoid Spraying on Plastic Trims or Rubber Moldings:** This product is made for textile and fabric only and may damage the trim and rubber
  - **Eye Irritation:** Avoid contact with eyes. If it happens, flush eyes with water for at least 15 minutes and seek medical help if irritation persists.
  - **Ingestion:** Harmful or potentially fatal if swallowed. If ingested, drink 1-2 glasses of water and seek immediate medical attention.
  - **Skin Contact:** Wash with soap and water if it comes in contact with skin.
  - **Storage:** Keep the product closed and out of reach of children to avoid accidents.
-

## WARNING

Although the technical details and recommendations contained in this product data sheet are based on the best of our knowledge and experience, all the above information must be considered as indicative only.

Users must ensure, through prior testing, that MT-22 is suitable for the intended application and site conditions.

In every case, the user alone is fully responsible for any consequences deriving from the use of the product.
